

Agenda

Nansen-Tutu Centre Annual Student Science Day
 Department of Oceanography Seminar room, UCT

2 November 2018

09.20 – 12.00

| | | |
|---------------|--|--------------------------------|
| 09:20 – 09:30 | Welcome | Mathieu Rouault |
| Session 1 | | |
| 09:30 – 09:45 | Impact of the Agulhas Current on Southern Africa rainfall | Arielle Stela Nkwinkwa Njouodo |
| 09:45 – 10:00 | Coastal variability and change in the Benguela Upwelling System | Serge Tomety |
| 10:00 – 10:15 | Droughts over Southern Africa non related to ENSO | Bellinda Monyela |
| 10:15 – 10:30 | How Equatorial Kelvin Wave activity and coastal winds impact the Angola Benguela Current system. | Marie-Lou Bachelery |
| 10:30 – 11:00 | Coffee break | |
| Session 2 | | |
| 11:00 – 11:15 | Impact of Wind Driven Variability on Sea Surface Temperature and Ocean Colour in False Bay | Sian Seymour |
| 11:15 – 11:30 | Impact of ENSO on coastal South Africa sea surface Temperature | Bellinda Neshure |
| 11:30 – 11:45 | Impact of the Agulhas Current on storm intensification. | Jason O'Connor |
| 11:45 – 12:00 | | |
| 12:00 – 12:15 | | |
| 12:15 | Photo in front of Memorial Hall | |
